IMPORTEXPORT.MEDIA

media house for global trade & supply chains

The media house for businesses that move the world's goods

Video, photography, graphic design and websites for trade, logistics and supply chain companies.

www.importexport.media

What we make

Professional video, photo, design and digital solutions for global trade and supply chains.

01 Corporate videos:
capability films, company profiles, office and facility openings.

02 Training videos:
site inductions, safety and process how-tos, LMS-ready modules.

03 Customer case study videos:
your customers explain the result, filmed on site.

04 Social media content packages:
a monthly shoot, design and 3 posts a week managed for you.

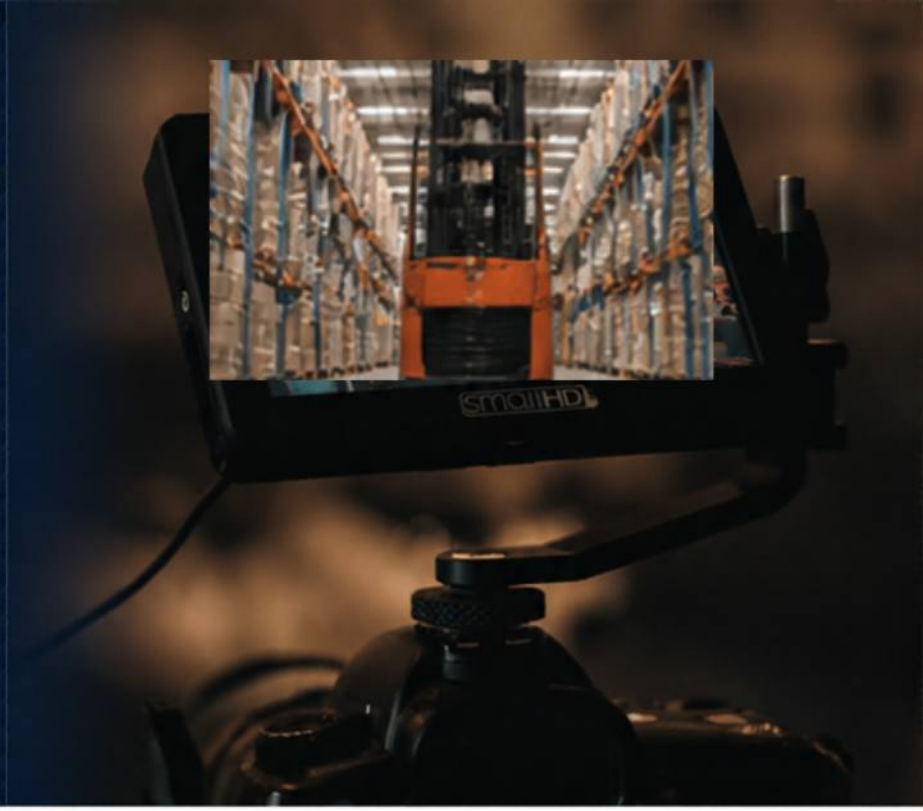

05 Corporate photography:
warehouses, fleets, ports, teams and events.

06 Personal branding:
headshots, LinkedIn video and thought-leadership content.

07 Graphic design:
logos and brand refreshes, trade show graphics, brochures, capability statements, social creative.

08 Website development:
business websites, campaign landing pages, video-rich portfolios, SEO set-up.

Experience across trade and logistics

Our crew has filmed for bulk shipping carriers, cold chain and warehousing operators, warehouse automation and robotics providers, fleet telematics companies, cargo security suppliers and family-owned freight forwarders, in Australia and across Asia-Pacific.

Capability films and facility openings

On-site customer case studies

Event coverage for industry associations and trade shows
